

Keystone Wall Plates

Description / Specifications

Vericom standard keystone faceplates are available in 1, 2, 3, 4, or 6 port and are ideal for use with any standard keystone modules to create an individualized plug and play multimedia experience. These faceplates are constructed of impact resistant, fire-retardant UL94V-0 rated plastic. These faceplates come complete with mounting screws and are offered in White, Ivory, and Light Almond.

Features & Benefits

- Compatible with standard keystone modules for a variety of applications
- Flush mounting for an aesthetic look
- Offered in 1, 2, 3, 4, or 6 port for versatility
- Includes screws for mounting
- Available in White, Ivory, and Light Almond to match any décor

Applications

These standard single gang faceplates accept snap-in modules to support multimedia applications in situations requiring a flush mount.
