

Rack Cabinet, Knock-Down Design (800 lb) *RCH Series*

General-purpose rack cabinet designed for AV, test equipment, and light IT applications requiring ventilation and flexible configuration.

Key Features and Benefits

- 16-gauge steel construction (800 lb **capacity**) provides reliable support for AV, lab, and light IT equipment.
- Knock-down cabinet design (ships unassembled) supports easier transport, handling, and installation in constrained spaces.
- Two (2) pairs of adjustable depth EIA-310 compliant round-hole mounting rails support standard rack equipment. Includes a starter pack of 10-32 screws and clip nuts.
- Open frame cabinet structure with optional panels and doors supports flexible configurations for ventilation and access.
- Simple assembly with self-squaring design allows quick installation using minimal hardware.
- Includes PVC non-marking feet and lifting handles supports mobility and surface protection.
- Available in multiple heights and depths supports a wide range of equipment and installation requirements.
- TAA-compliant, manufactured in North America supports government procurement requirements and ensures consistent quality.
- Textured black or light gray powder coat finish (GREENGUARD, TSCA, RoHS compliant) supports indoor air quality and environmental compliance.

The RCH Series rack cabinet provides a flexible and cost-effective solution for mounting 19-inch equipment in AV, lab, and light IT environments. With an 800 lb load rating and knock-down design, it supports easy transport and installation in a wide range of applications.

Designed for versatility, the RCH features adjustable mounting rails, optional panels and doors, and a ventilated structure, making it ideal for installations requiring accessibility, airflow, and simple configuration.

When another product may be a better choice

- When you need a fully assembled cabinet with pre-installed components for AV installations, consider our **RB-AV** Series.
- When you need a modular cabinet system for scalable configurations, consider our **RCK** Series.
- When you need a compact cabinet solution with vertical stacking capability, consider our **RCSC** Series.
- When you need a wall-mounted cabinet to save floor space, consider our **SDC** Series.

This product is not designed nor intended to be wall mounted.

Accessories

- Solid Locking Door
- We Manufacture PDUs and Outlet Strips

- Mounting Screw and Clip Nut Combo-Pack
- Heavy Duty Rack Support Angle Reinforced Steel (200 lb Capacity)
- Rack Shelf Slide Block
- Rack Mount Locking Storage Drawer
- Ground Stud Kit

Where the series works best

- AV and media installations.
- Test and measurement environments.
- Industrial control and automation systems.
- Small IT and network setups.
- Lab and development environments.

Applications and when to use the series

- Applications needing ventilated enclosures for passive cooling.
- Environments where flexibility and simple configuration are important.
- Deployments requiring knock-down cabinets for easier transport and assembly.
- Installations supporting AV, lab, or light network equipment.
